

REMARKS

Amendments

Claim 70 is amended to delete superfluous language at the end of the claim. Claim 78 is amended to delete "drug addiction or morphine dependence." The treatment of these conditions is now recited in new claim 86. Finally, claim 75 is amended to recite "an acute neuronal disease," a concept previously recited in claim 84, now cancelled. See, also, page 47, lines 15-25 of the specification. The amendment to claim 75 and the cancellation of claim 84 are presented to eliminate redundancy.

These amendments all merely relate to matter of form and do not require further search and only require the minimum of consideration. Entry of the amendments is respectfully requested.

The Commissioner is hereby authorized to charge any fees associated with this response or credit any overpayment to Deposit Account No. 13-3402.

Respectfully submitted,
